JACKSON ENERGY COOPERATIVE

OFF-PEAK ELECTRIC THERMAL STORAGE HEATING CONTRACT

This agreement is made and entered into between Jackson Energy Cooperative, (hereinafter called "Jackson Energy") and \_\_\_\_\_ (hereinafter called "member", whether singular or plural).

**WITNESSETH:**

That in consideration of the mutual promises and covenants hereinafter set forth, the parties agree as follows:

1. Member to purchase an electric thermal storage heating unit(s) (hereinafter called ETS unit(s)) from Jackson Energy, or if purchased directly from another party, a unit(s) that is approved by Jackson Energy.
2. Member agrees to pay all costs related to the installation of the ETS system.
3. All wiring modifications shall meet standards set forth by the National Electrical Code and shall be inspected by a certified electrical inspector.
4. Jackson Energy will provide no less than ten (10) hours per day off-peak recharging time for the seven (7) month heating season of October through April.
5. Jackson Energy will also provide an off-peak energy rate that is to be used with ETS. This rate shall be discounted no less than forty percent (40%) below the lowest cost rate block for residential service.
6. All ETS and related equipment is warranted by the manufacturer **for equipment only**. Manufacturer will replace the equipment and parts once it has been determined that there is a manufacturer defect. Jackson Energy warrants the labor for two (2) heating season when the heater is installed.

Items not covered under warranty:

- A. Resetting circuit breakers
- B. Resetting ETS controls
- C. Cleaning fans and other related ETS equipment
- D. Relocating of ETS unit
- E. Other such items that are considered owner maintenance responsibility

7. The rate discount offered herein may be transferred or assigned to another consumer of Jackson Energy who resides in, rents, leases, or purchases a residence equipped with approved ETS unit(s) providing such consumer abides by the terms of this contract and accompanying tariff. Except that the warranty is non-transferable.
8. Jackson Energy retains the right to periodically inspect ETS unit(s) installations through its employees or representatives.
9. Member has received information as to the percent of the home that ETS heater is expected to provide heat for. The ETS unit(s) may provide all or only a portion of heating requirements. (See below)
10. Discounted rates for ETS energy used is contingent upon modified wiring, equipment, and/or timing devices operating as designed by Jackson Energy employees or representatives. In the event such operation is circumvented by cause other than negligence by authorized installers or defects in material and/or equipment, a forty percent (40%) penalty above the last block of the regular residential rates shall apply to all ETS energy used.

JACKSON ENERGY COOPERATIVE CORPORATION  
SCHEDULE 49 (Continued)

Determination of Billing Demand

The billing demand (kilowatt demand) shall be the contract demand plus any excess demand. Excess demand occurs when the ultimate consumer's highest demand during the current month exceeds the contract demand. The consumer's peak demand is highest average rate at which energy is used during any fifteen-minute interval in the below listed hours for each month and adjusted for power factor as provided herein:

<u>Months</u>	<u>Hours Applicable for Demand Billing - EST</u>
October thru April	7:00 a.m. to 12:00 Noon 5:00 p.m. to 10:00 p.m.
May thru September	10:00 a.m. to 10:00 p.m.

Power Factor Adjustment

The Consumer agrees to maintain unity power factor as nearly as practicable. Power factor may be measured at any time. Should such measurements indicate that the power factor at the time of his maximum demand is less than 90%, the demand for billing purposes shall be the demand as indicated or recorded by the demand multiplying by 90% and divided by the per cent power factor.

Minimum Charge

The minimum monthly charge specified in the contract, or the minimum monthly customer charge, or the sum of (a), (b) and (c) below, whichever amount shall be the greatest:

- (a) The product of the contract demand multiplied by the demand charge, plus
- (b) The product of the contract demand multiplied by 425 hours and the energy charge per kWh, plus
- (c) The customer charge

Fuel Adjustment Clause

All rates are applicable to the Fuel Adjustment Clause and may be increased or decreased by an amount per kWh equal to the fuel adjustment amount per kWh as billed by the wholesale power supplier plus an allowance for line losses. The allowance for line losses will not exceed 10% and is based on a twelve-month moving average of such losses. This Fuel Clause is subject to all other applicable provisions as set out in 807 KAR 5:056.

**OUTDOOR LIGHTING  
CONTRACTUAL AGREEMENT AND APPLICATION**

This Application Agreement made by and between Jackson Energy Cooperative Corporation and \_\_\_\_\_ at \_\_\_\_\_ is for the sole purpose of outdoor lighting provided by Jackson Energy Cooperative Corporation.

The outdoor lighting fixture will be provided and installed on an existing Cooperative pole, and will be billed as a monthly charge to the member at the address in paragraph one (1) of this Application Agreement. When a pole is non existent the member may choose to pay an up-front installation cost or pay an additional monthly charge.

The Cooperative shall provide all maintenance for light at no additional charge except that when maintenance is required because of willful mistreatment, vandalism, or other than normal maintenance. This Application Agreement allows for authorized representatives of the Cooperative to enter upon the member's premises to provide necessary maintenance including the trimming of trees.

This Application Agreement is for \_\_\_\_\_ light(s) at the address listed above, lights that are located at address other than above shall have separate Application Agreement.

The monthly charge will continue for as long as the light is at the address listed above, and shall be binding to no less than 12 months. In the event that an additional pole installation cost becomes part of a monthly charge, the member shall be bound to 60 months. Should the member deem it necessary to void this Application Agreement before the one (1) or five (5) year expiration date, member shall pay in full for the remaining time up to the expiration date or have the charges billed to another active account in their name.

This Application Agreement will become effective on the date that light is installed, and the billing will be billed along with the member's regular monthly charges for kWh usage.

Determination of Measured Load - Billing Demand

The monthly billing demand shall be the highest average rate at which energy is used during any fifteen consecutive minute period during the below listed hours:

<u>MONTHS</u>	<u>HOURS APPLICABLE FOR DEMAND</u> <u>BILLING - E.S.T.</u>
October through April	7:00 a.m. to 12:00 noon 5:00 p.m. to 10:00 p.m.
May through September	10:00 a.m. to 10:00 p.m.

The interruptible billing demand shall be equal to the amount by which the monthly billing demand exceeds the minimum billing demand as specified in the contract.

Conditions of Service for Customer Contract

1. The customer will, upon notification by the Cooperative, reduce his load being supplied by the Cooperative to the contract capacity level specified by the contract.
2. The Cooperative will endeavor to provide the Customer as much advance notice as possible of the interruption of service. However, the Customer shall interrupt service within the notice period as contracted.
3. Service will be furnished under the Cooperative's "General Rules and Regulations" or "Terms and Conditions" except as set out herein and/or provisions agreed to by written contract.
4. No responsibility of any kind shall attach to the Cooperative for, or on account of, any loss or damage caused by, or resulting from, any interruption or curtailment of this service.
5. The Customer shall own, operate, and maintain all necessary equipment for receiving electric energy and all telemetering and communications equipment, within the Customer's premises, required for interruptible service.
6. The minimum original contract period shall be one year and thereafter until terminated by giving at least six months previous written notice. The Cooperative may require a contract be executed for a longer initial term when deemed necessary by the size of the load and other conditions.

Conditions of Service (con't)

7. The Fuel Adjustment Clause, as specified in the governing rate schedule is applicable.
8. The Customer shall arrange his wiring so that interruptible service supplied under this rider shall be separately metered and segregated from firm service.
9. A Customer's plant is considered as one or more buildings which are served by a single electrical distribution system provided and operated by the Customer. When the size of the Customer's load necessitates the delivery of energy to the Customer's plant over more than one circuit, the company may elect to connect its circuits to different points on the customer's system.
10. Any transformers required in excess of those used for regular firm power shall be owned and maintained by the customer.

Calculation of Monthly Bill

The monthly bill is calculated on the following basis:

- A. Sum of customer charge, plus
- B. Minimum billing demand in kW multiplied by the firm capacity rate, plus
- C. Interruptible billing demand in kW multiplied by interruptible rate, plus

B. Make-Ready Inspection: Any "make-ready" inspection or "walk-through" inspection required of the Cooperative will be paid for by the CATV operator at a rate equal to the Cooperative's actual expenses, plus appropriate overhead charges.

INSURANCE OR BOND

A. The CATV operator agrees to defend, indemnify and save harmless the Cooperative from any and all damage, loss, claim, demand, suit, liability, penalty or forfeiture of every kind and nature, including, but not limited to, costs and expenses of defending against the same and payment of any settlement or judgement therefor, by reason of (a) injuries or deaths to persons, (b) damages to or destruction of properties, (c) pollutions, contaminations of or other adverse effects on the environment or (d) violations of governmental laws, regulations or orders whether suffered directly by the Cooperative itself, or indirectly by reason of claims, demands or suits against it by third parties, resulting or alleged to have resulted from acts or omissions of the CATV operator, its employees, agents, or other representatives or from their presence on the premises of the Cooperative, either solely or in concurrence with any alleged joint negligence of the Cooperative. The Cooperative shall be liable for sole active negligence.

B. The CATV operator will provide coverage from a company authorized to do business in the Commonwealth of Kentucky:

1. Protection for its employees to the extent required by Workmen's Compensation Law of Kentucky.
2. Public liability coverage with separate coverage for each town or city in which the CATV operator operates under this contract to a minimum

amount of \$100,000.00 for each person and \$300,000.00 for each accident or personal injury or death, and \$25,000.00 as to the property of any one person, and \$100,000.00 as to any one accident of property damage.

Before beginning operations under this tariff, the CATV operator shall cause to be furnished to the Cooperative a certificate for such coverage, evidencing the existing of such coverage. Each policy required hereunder shall contain a contractual endorsement written as follows:

"The insurance or bond provided herein shall also be for the benefit of Jackson Energy Cooperative Corporation, so as to guarantee, within the coverage limits, the performance by the insured of any indemnity agreement set forth in this tariff. This insurance or bond may not be cancelled for any cause without thirty (30) days advance notice being first given to Jackson Energy Cooperative Corporation."

CHANGE OF USE PROVISION

When the Cooperative subsequently requires a change in its poles or attachment for reasons unrelated to the CATV operations, the CATV operator shall be given (48) hours notice of the proposed change (except in case of emergency). If the CATV operator is unable or unwilling to meet the Cooperative's time schedule for such changes, the Cooperative may do the work and charge the CATV operator its reasonable cost for performing the change of CATV attachments.

ABANDONMENT

A. If the Cooperative desires at any time to abandon any pole to which CATV operator has attachments, it shall give the CATV operator notice in writing to that effect at

least thirty (30) days prior to the date on which it intends to abandon such pole. If, at the expiration of said period, the Cooperative shall have no attachments on such pole, but the CATV operator shall not have removed all of its attachments therefrom, such pole shall thereupon become the property of the CATV operator, and the CATV operator shall save harmless the Cooperative from all obligation, liability, damages, cost, expenses or charges incurred thereafter; and shall pay the Cooperative for such pole an amount equal to the Cooperative's depreciated cost thereof. The Cooperative shall further evidence transfer to the CATV operator of title to the pole by means of a bill of sale.

B. The CATV operator may at any time abandon the use of the attached pole by giving due notice thereof in writing to the Cooperative and by removing therefrom any and all attachments it may have thereon. The CATV operator shall in such case pay to the Cooperative the full rental for said pole for the then current billing period.

RIGHTS OF OTHERS

Upon notice from the Cooperative to the CATV operator that the use of any pole or poles is forbidden by municipal or other public authorities or by property owners, the permit governing the use of such pole or poles shall immediately terminate and the CATV operator shall remove its facilities from the affected pole or poles at once. RULES AND REGULATIONS

A. GENERAL

1. SCOPE

This schedule of rules and regulations is a part of all contracts for electric service received from Jackson Energy Cooperative, hereinafter referred to as the Cooperative and applies to all service received whether the service received is based upon a contract, agreement, signed application or otherwise. No employee or director of the Cooperative is permitted to make an exception to rates and regulations on file at the Cooperative's office. All rules and regulations shall be in effect after adopted by the Board of Directors and approved by the Public Service Commission.

(T)

2. REVISIONS

These Rules and Regulations may be revised, amended, supplemented or otherwise changed from time to time by the Board of Directors. Such changes, upon approval by the Public Service Commission, shall have the same force as the present rules and regulations. The members shall be informed of any changes as soon as possible, through the Cooperative's monthly newsletter.

3. CONSUMER'S RESPONSIBILITY FOR COOPERATIVE'S PROPERTY

All meters, service connections, and other equipment furnished by the Cooperative shall be, and shall remain, the property of the Cooperative. The member shall exercise proper care to protect the property of the Cooperative on its premises and in the event of loss or damage to the Cooperative's property arising from neglect of member to care for same, the cost of necessary repairs or replacement shall be paid by the member.

(T)

4. MAINTENANCE OR CONTINUITY OF SERVICE

The Cooperative shall make all reasonable efforts to prevent interruptions of service and when such interruptions occur shall endeavor to re-establish service with the shortest possible delay, but if such supply shall fall or be interrupted or become defective through act of God, or the public enemy, or by accident, strikes, labor troubles, or by action of the elements, or inability to secure right-of-way or other permits needed, or for any other cause beyond the reasonable control of the Cooperative, the Cooperative shall not be liable there of.

(T)

5. RELOCATION OF LINES BY REQUEST OF MEMBERS

The Cooperative's established lines will not be relocated unless the member pays the expense for moving and relocating prior to construction, except in instances where it would be to the advantage of the Cooperative to make such relocation.

RULES AND REGULATIONS

6. SERVICES PERFORMED FOR MEMBERS

The Cooperative's personnel are prohibited from making repairs or performing services to the member's equipment or property except in cases of emergency or to protect the public or members' person or property. When such emergency services are performed, the member shall be charged for the actual cost of labor and material for such service.

(T)

B. SERVICE PROCEDURES

7. APPLICATION FOR SERVICE

Each prospective member desiring electric service will be required to sign the Cooperative's form, "Application for Membership and Electric Service", before service is supplied by the Cooperative and the Cooperative shall obtain the necessary easements for right-of-way permits.

(T)

8. MEMBERSHIP FEE

The membership fee in the Corporation shall be \$25.00 (Twenty-five dollars) per member. Commercial and residential service may be obtained upon one membership if the commercial activity is carried on in the name of the owner. The membership fee will be refunded if all bills are paid or applied against any unpaid bills of the member at the time service is discontinued, which will automatically terminate the membership. Service covered by each membership shall be metered and billed separately.

(T)

9. CONTRACT FOR PURCHASE OF POWER

Customers on Rate Schedules 30, 33, 40, and 43 shall sign a "Contract for Purchase of Power" with Jackson Energy Cooperative in order to reserve sufficient capacity on the distribution system. A copy of this contract is attached.

(T)

Customers on Rate Schedules 46, 47 and 48 shall sign an "Industrial Power Agreement (IPA)" with Jackson Energy Cooperative for a term of 10 years to reserve sufficient capacity from East Kentucky Power Corporation.

(T)

10. RIGHT OF ACCESS

The Cooperative's identified employees shall have access to member's premises at all reasonable times for the purpose of reading meter, testing, repairing, removing or exchanging any and all equipment belonging to the Cooperative.

PURSUANT TO 807 KAR 5.011,  
SECTION 9 (1)

BY:   
SECRETARY OF THE COMMISSION

RULES AND REGULATIONS

11. MEMBER'S DISCONTINUANCE OF SERVICE

Any member desiring service discontinued or changed from one location to another shall give the Cooperative three (3) days' notice in person by telephone or in writing providing such notice does not violate contractual obligations or tariff provisions. The member shall not be responsible for charges for service beyond the (3) day notice if they have provided reasonable access to the meter for a final meter reading. If the disconnect request is made by telephone, the burden of proof is on the member to prove the termination request if a dispute arises.

(T)

12. CONNECT AND RECONNECT CHARGES

The Cooperative will make no charge for connecting service to the member's premises for the initial installation of service provided the connection is made during regular working hours. The Cooperative will make a service charge of Twenty-Five Dollars (\$25.00) for re-connecting the service of any member whose service has been connected one or more times within the preceding twelve months. The service charge shall be Eighty-Five Dollars (\$85.00) if made after regular working hours. Any service charge will be due and payable at the time of connection or upon notice of said charge.

13. RESALE OF POWER BY MEMBERS

All purchased electric service used on the premises of the member shall be supplied exclusively by the Cooperative, and the member shall not directly or indirectly sell, sublet, or otherwise dispose of the electric service or any part thereof.

14. SPECIAL CHARGES

The Cooperative will make a charge of Twenty-Five Dollars (\$25.00) for each trip made during regular working hours or Eighty-Five Dollars (\$85.00) for each trip made after or before regular working hours for the following reasons:

1. When a customer requests that a meter be re-read, and the second reading shows the original reading was correct.
2. To reconnect a service that has been terminated for non-payment of bills or for violation of the Utility's Rules or Commission Regulations. A consumer qualifying for service reconnection under Section 15, Winter Hardship Reconnection of this regulation shall be exempt from reconnect charges.
3. To terminate service or to collect a delinquent bill or to collect a returned check. The charge may also be made if the Cooperative Representative agrees to delay termination based on the consumer's agreement to pay by a specific date. A field collection charge can only be assessed once per billing period.
4. For any service trip requested by a member to restore electric service when it is determined that the service interruption was caused by a defect in the members wiring or equipment and is not the fault of the Cooperative.

SECRETARY OF THE COMMISSION

RULES AND REGULATIONS

14. SPECIAL CHARGES (CONT')

6. For resetting a meter that has been removed at the customer's request.
7. When a customer requests that their existing security light be upgraded to a different type.
8. When a customer requests the cooperative to disconnect their existing service and re-connect to their new entrance due to a customer entrance change.
9. When a customer requests the cooperative to repair their meter base equipment and the cooperative has the material available, the customer will be billed for actual material used in addition to the service charge.

15. SERVICE CHARGE FOR TEMPORARY SERVICE

Consumers requiring temporary service may be required to pay all cost of connecting and disconnecting incidental to the supplying and removing of service. This rule applies to carnivals, fairs, buildings or structure under construction that will not be permanently served or any other service of a strictly temporary nature. All temporary services will be metered and actual usage billed.

C. METERS

16. METER TESTS

All new meters shall be checked for accuracy before installation. The Cooperative will, at its own expense, make periodical tests and inspections of its meters in order to maintain a high standard of accuracy and to conform to the regulations of the Public Service Commission. The Cooperative will make additional tests of meters at the request of the member, provided the member does not request such test more frequently than once in twelve (12) months and upon payment of a test fee of Thirty-Five Dollars (\$35.00) paid in advance. When the test made at the member's request shows that the meter is accurate within 2% slow or fast, no adjustment will be made to the member's bill and the fee paid will be forfeited to cover the cost of the requested test. When the test shows the meter to be in excess of 2% fast an adjustment shall be made to the member's bill in accordance with the Public Service Commission's Rules and Regulations. The cost of testing the meter found to be more than 2% fast will be borne by the Cooperative and the Thirty-Five Dollars (\$35.00) test fee paid by the member will be refunded.

17. FAILURE OF METER TO REGISTER

In the event a customers meter fails to register, adjustments will be made in accordance with 807 KAR 5:006, Section 10 (2).

SECRETARY OF THE COMMISSION

RULES AND REGULATIONS

18. DISCONTINUANCE OF SERVICE BY COOPERATIVE

A. The Cooperative may/shall refuse or discontinue to serve a member, after proper notice under the following conditions:

1. For non-compliance with its rules and regulations or state, county, and municipal rules and regulations.
2. When a dangerous condition is found to exist on the member's premises.
3. When a member refuses or neglects to provide reasonable access to the premises for the purpose of installation, operation, meter reading, maintenance or removal of Cooperative property.
4. For non-payment of any indebtedness due the Cooperative, (See Section 22).
5. For failure to comply with the provisions of the wiring codes (See section 21).
6. For fraudulent or illegal use of service. When the Cooperative has discovered evidence that by fraudulent or illegal means a member has obtained unauthorized service or has diverted the service for unauthorized use or has obtained service without same being properly measured, the service to the customer shall be discontinued without notice. The Cooperative will not restore service until the customer has complied with all rules of the Cooperative and regulations of the Public Service Commission and the Cooperative has been reimbursed for the estimated amount of the service rendered including the initial disconnection and the cost to the Cooperative incurred by reason of the fraudulent use.

D. CONSUMER EQUIPMENT

19. POINT OF DELIVERY

The point of delivery is the point as designated by the Cooperative on a member's premises where current is to be delivered to the building or premises, namely the meter. All wiring and equipment beyond this point of delivery shall be supplied and maintained by the member. The member will, however, notify the Cooperative of any proposed changes in their equipment or wiring which will materially increase or decrease their load so the Cooperative may check its equipment to make certain it will accommodate the consumer's load requirements.

RULES AND REGULATIONS

22. BILLING (CON'T)

All statements are due and payable upon receipt and shall be paid at the office of the Cooperative within (10) ten days from date of bill. Failure to receive billing statement will not release the member from payment obligation. Should the statement not be paid as above, the Cooperative may at any time thereafter, on a ten (10) days' notice to the member, discontinue service provided such service shall not be discontinued before twenty-seven (27) days after the mailing date of the original bill unless, prior to discontinuance, a residential customer presents to the utility a written certificate, signed by a physician, registered nurse, or public health officer, that such discontinuance will aggravate an existing illness or infirmity on the affected premises, in which case discontinuance may be effected not less than thirty (30) days from the date the utility notifies the customer, in writing, of state and federal programs which may be available to aid in payment of bills and the office to contact for such possible assistance.

23. TAXES

The Cooperative shall add to the bills of all applicable consumers, the Kentucky Sales and Use Tax, any utility gross receipts license tax for schools or any other tax that may be imposed on the Cooperative that is measured or determined by sales or receipts.

(T)

24. METER READING

The Cooperative will read all meters on a monthly basis, except those meters that are read periodically or if a meter is not accessible due to weather or inaccessibility.

G. EXTENSIONS

32. DEFINITIONS:

Permanent Dwelling – A structure enclosed within exterior walls or fire walls, built, and framed of component structural parts and designed for year round occupancy. A doublewide trailer can be considered a permanent dwelling if it is placed on a concrete foundation and the wheel assemblies and hitches are removed. All permanent dwellings shall have sewer or septic services. The consumer will sign a one-year service agreement. (T)

Temporary Service – A service that is temporary or will only have a useful life of less than one year. (T)

Subdivision – A tract of property that has been divided into ten or more lots of less than one acre each or there are two or more multiple occupancy buildings. Utility easements must be incorporated into the plans and recorded in the county court recorder's office. (T)

Single Phase Commercial Service – A consumer with a non-residential rate that is permanent and utilizes single-phase service. The consumer will sign a one-year service agreement. (T)

Three Phase Commercial Service – A consumer with a non-residential rate that is permanent and utilizes three-phase service. The consumer will sign a one-year service agreement. (T)

Average Annual Cost of Primary Line Extension – This is the calculated average cost of extending overhead and underground line extensions. This will be computed using a sampling of historical costs for the previous twelve months. (T)

Underground Cost Differential – The difference between the cost of overhead and underground facilities. The underground cost differential will be updated periodically and filed with the Public Service Commission (See Rule and Regulations). (T)

33. OVERHEAD EXTENSIONS:

(T)

A. SINGLE PHASE LOADS:

The cooperative will furnish, at no expense to the consumer, an initial service drop from an existing pole to the consumer's structure providing the customer's meter base is accessible.

(T)

All facilities installed by the cooperative shall remain cooperative property and may be removed at any reasonable time after service is disconnected.

(T)

A distribution line extension of 1,000 feet or less of single-phase primary will be installed for a permanent dwelling or single-phase commercial service without charge to the consumer with a contract. The service drop will not be included in the above measurement. Consumer will pay actual charges for the construction of the distribution line over 1,000 feet.

(T)

If the extension exceeds 1,000 feet for a single-phase consumer a construction advance is required. The charge will be based on the additional footage over the 1,000 feet. The construction advance is required prior to construction.

(T)

Each consumer who paid the construction advance and receiving service under the above plan will be reimbursed for a ten-year period for each consumer added under the following conditions:

(T)

1. 1,000 feet of the original construction advance if a service drop for a new permanent consumer is connected to the extension (not to a lateral from the extension),
2. The difference of 1,000 feet and the length of a primary lateral attached to the extension, for a permanent consumer.
3. The total amount refunded shall not exceed the original construction advance.

(T)

(T)

(T)

Subdivisions will be allowed 1,000 feet extension for each lot developed with roads, iron property pins, and within six (6) inches of final grade. Service will only be extended to active phases of the subdivision. The cooperative reserves the right to charge a construction advance for any service requested without permanent dwellings under construction or for sections that are not being developed at the time of the request.

(T)

Service to temporary installations such as tents, carnivals, sales booths, etc. will require a non-refundable contribution of the estimated installed cost plus the cost of removal minus salvage materials. The consumer will be required to install a meter base and apply for membership.

RULES AND REGULATIONS

B. THREE PHASE LOADS:

(T)

Three-phase service will be extended to consumers if they meet the following criteria:

- i. The three phase load will be in excess of 30 kW load,
- ii. The load will be a permanent installation and provide steady monthly revenue for the cooperative.

(T)

Consideration will be given for any portion of the facilities that are installed that will benefit the cooperative system. An example of this type of benefit is a three-phase line to a load center that would require three-phase service in the near future.

(T)

If the three-phase extension is to serve an industrial park with a new three-phase commercial/industrial load, the charges of extending the three-phase service may be waived if the expected revenues are sufficient to receive a return on the investment.

(T)

The first 300 feet of the extension will be installed overhead, free of charge. If the extension exceeds 300 feet, a charge for the extension may be required prior to construction. The contribution required will consider the amount of revenue expected and the cost of facilities.

(T)

Temporary three-phase service will be provided if the consumer pays the following charges:

(T)

- a. The cost of installation
- b. The cost of removal
- c. Minus the salvage of materials
- d. The contribution must be paid before the temporary service is installed.

(T)

For additional consumers connected to an extension or lateral from the distribution line, the utility shall refund to any customer who paid for excessive footage the cost of 300 feet of line less the length of the lateral extension.

RULES AND REGULATIONS

34. UNDERGROUND EXTENSIONS:

(T)

The Company will install single phase underground distribution lines to a residential subdivision under the following conditions:

1. The subdivision being developed must consist of a tract of land that is divided into ten (10) or more lots for the construction of new residential buildings or the land on which is constructed two (2) or more new multiple occupancy buildings (refer to 807 KAR 5:041, Section 21 for definitions of terms). Underground lines will be installed in subdivisions if the area is under active development. Portions of the subdivision that do not have roads, improvements such as sewers, etc. or are not to final grade will not be served until such improvements are underway. The developer will pay a non-refundable contribution based on the standard underground cost differential. (T)
2. Developer or owner of subdivision shall trench, backfill and install conduit as specified by the Cooperative engineering staff. If the applicant is required to deposit the entire estimated cost of the extension, the amount in excess of the normal charge for underground extensions shall be refunded to the applicant over a ten (10) year period as provided in Public Service Commission 807 KAR 5:041, Section 21. (T)
3. The Company will construct underground distribution facilities in the subdivision adequate to render single-phase 120/240-volt service. (T)
4. Developer or successor in title shall grant an Easement satisfactory to the company for the installation, operation and maintenance of its underground facilities in reasonable time to meet service requirements. Developer is required to grant easements on the plat that is recorded in the county court records. The customer will make the area accessible, remove all obstructions and stake property corners, grade to within six inches of final grade and maintain the rights of way during construction. Easements are to be binding to subsequent property owners. (T)
5. The requirements as to wiring specifications of the utility and those of any regulatory body having jurisdiction must be followed. The Utility's Rates, Rules and Regulations for furnishing electric service apply in the case of underground service and overhead service alike. (T)
6. Underground differential charges may be waived for the developer or applicant of a minimum 10-lot subdivision, if the subdivision meets the all-electric requirements. The subdivision shall have the restriction that all construction within the development meet all-electric requirements and shall be shown on the recorded plat. (T)

7. A copy of the current cost differential will be kept on file in the Cooperative's Office at all times.

For all other developments, an underground cost differential will be calculated and required before construction. The consumer will be required to pay a non-refundable contribution in aid of construction for the underground cost differential prior to construction. The calculated underground cost differential will include transformers and any other expected costs such as rock removal, etc. and will be expressed as cost per foot. The underground cost differential charges will be in addition to any charge for the extension of primary lines.

(T)

35. SERVICE TO MOBILE HOMES

The Cooperative will furnish service to house trailers or mobile homes under the following conditions:

- A. The applicant will pay to the Corporation a membership fee, a customer advance for construction if required, and a deposit in consideration of which the Cooperative will build an electric line to service the mobile home. Following is the policy regarding customer advance for construction.

(T)

1. All extensions of up to 150 feet from the nearest facility shall be made without charge.
2. Extensions greater than 150 feet from the nearest facility and up to 300 feet shall be made provided the customer shall pay the utility a customer advance for construction of fifty dollars (\$50.00) in addition to any other charges required by the utility for all customers. This advance shall be refunded at the end of one (1) year if the service to the mobile home continues for that length of time.

28. BUDGET BILLING

The Cooperative will offer to the members a Budget Billing Plan under the following conditions.

(T)

A. The member will make a Contract with the Cooperative.

(T)

1. The Contract will contain the following terms.

(T)

A. Should it become evident that the amount set up is substantially over or under the actual usage for a twelve-month period, the budget payment may be adjusted only by the Cooperative. The member shall be notified in the event that this happens.

B. Any consumer being billed under this Contract agrees to all rules, regulations and policies as all other consumers receiving service from Jackson Energy Cooperative with the exception of the budget payment being acceptable.

(T)

C. This Agreement may be cancelled by either party giving a 30 day notice or will automatically cancel upon failure of the member to make the scheduled monthly payment, or by disconnection of service. Upon termination of the contract, the final billing will be adjusted to actual usage.

D. The adjustment period will be the June billing. At this time the total actual bills for usage under the months of this contract will be compared to the total monthly budget amount paid by the consumer and the difference between actual usage and actual budget payments will either be credited to the May bill in the event of an over-payment or added to the bill in the case of an under-payment.

(T)

B. The budget amount will be based on the previous years usage where possible. In the event there is no history of KWH usage the cooperative will estimate the KWH usage.

36. POLICY ON UNDERGROUND SERVICE AND DIFFERENTIAL COST

1. The Applicant shall pay the Cooperative a non-refundable fee equal to the Estimated Average Cost Differential between underground and overhead lines.
2. Underground services up to 400 amps will be installed at cost shown on Sheet No. 81. For underground services over 400 amps the actual Differential Cost will be computed. (T)
3. The Estimated Average Cost Differential for Underground Primary is shown on Sheet No. 82. (T)
4. The Applicant shall furnish and install conduit specified by the Cooperative to meet its standards for wiring. (T)
5. The Applicant shall perform the necessary trenching and backfilling in accordance with the Cooperative's specifications. (T)
6. The Cooperative will furnish, install, maintain and own the service lateral to the meter base. The Cooperative will determine the size and type of the service lateral conductors and equipment to be used in any installation. (T)  
(T)
7. In a case where the Applicant prefers to install their own underground service from the meter to the point of use, special arrangements may be made on an individual basis. (T)

# JACKSON ENERGY COOPERATIVE

## McKee, Kentucky CONTRACT FOR PURCHASE OF POWER

Agreement made \_\_\_\_\_ between Jackson Energy Cooperative (hereinafter called the "Seller"), and \_\_\_\_\_ (hereinafter called the "Consumer"), whose address is \_\_\_\_\_, Account Number \_\_\_\_\_, and Map Number \_\_\_\_\_.

### Witnessed:

The Seller agrees to sell and to deliver to the Consumer who agrees to purchase and receive from the Seller all of the electric power and energy which the Consumer may need at \_\_\_\_\_ up to 499 kW, upon the following terms:

#### 1. Service Characteristics

Service hereunder shall be alternating \_\_\_\_\_ phase.

Sixty cycles \_\_\_\_\_ volts.

Demand \_\_\_\_\_ KVA.

#### 2. Payment

a. The Consumer shall pay the Seller for service hereunder at the rates and upon the terms and conditions set forth in Rate Schedule \_\_\_\_\_ attached to and made a part of this agreement.

b. The initial billing period shall start when Consumer begins using electric power and energy, or 30 days after the Seller notifies the Consumer in writing that service is available hereunder, whichever shall occur first.

c. Bills for service hereunder shall be paid at the office of the Seller in McKee or District Offices, State of Kentucky, monthly within ten (10) days after the bill is mailed to the Consumer. If the Consumer shall fail to pay any such bill within the ten (10) day period, the Seller may discontinue service hereunder by giving ten days' notice to the Consumer. Upon such service cessation, the Consumer shall be in violation of the terms and conditions of the contract and may be required to reimburse to the Seller costs associated with under utilized plant investment or to forfeit any prepayment extension contributions noted herein (Section 7).

d. The Consumer agrees that if, at any time, the rate under which the Seller purchases electric energy is modified, the Seller will make a corresponding modification in the rate for service hereunder.

PURSUANT TO 807 KAR 5:011,

SECRETARY OF THE COMMISSION

3. Minimum Monthly Charge

Notwithstanding any provisions of the Schedule, however, and irrespective of the Consumers requirements, the Consumer shall pay a minimum monthly charge to the Seller, sixty percent (60%) of the above contract demand for service or for having service available hereunder, not less than \$ \_\_\_\_\_ per month.

4. Continuity of Service

The Seller shall use reasonable diligence to provide a constant and uninterrupted supply of electric power and energy, but if such supply shall fail or be interrupted, or become defective through act of God, or the public enemy, or by accident, strikes, labor troubles, or by action of the elements, or inability to secure right-of-way, or other permits needed, or for any other cause beyond the reasonable control of the Seller, the Seller shall not be liable therefore.

5. Membership

The Consumer shall become a member of the Seller, shall pay the membership fee and be bound by the provisions of the Articles of Incorporation and By-Laws of the Seller and by such rules and regulations as may from time to time be adopted by the Seller.

6. Term

This agreement shall become effective on the first date written above and shall remain in effect until one year following the start of the initial billing period and thereafter until terminated by either party giving to the other one month's notice in writing or upon termination of electric service for any period in excess of 90 days.

7. Succession

PUBLIC SERVICE COMMISSION  
OF KENTUCKY  
EFFECTIVE

This agreement shall be binding upon and inure to the benefit of the successors, legal representatives and assignees of the respective parties hereto.

8. Prepayment

PURSUANT TO 807 KAR 5:011,  
SECTION 9 (1)

BY: Stephen D. Bell

SECRETARY OF THE COMMISSION

The Consumer shall make a prepayment with the Seller in the sum of \$ \_\_\_\_\_ representing contributions toward line extensions required to make service available to the Consumer on or before commencement of construction of such facilities. Such prepayment shall be returnable to the Consumer subject to conditions outlined by the Public Service Commission regulations (807 K.A.R 5:041). No refund shall be made to the Consumer of

any portion of the prepayment remaining upon termination of this agreement.

#### 9. Protective Equipment

The Cooperative shall not be obligated to provide or be responsible for providing protective equipment for Customer's lines, facilities, and equipment to protect against single phasing, low voltage, short circuits or any other abnormal system conditions, but the Cooperative, as the case may be, may provide such protective equipment as it deems necessary for the protection of its own property and operations. The electrical equipment installed by Customer shall be capable of satisfactory coordination with any protective equipment installed by the Cooperative.

#### 10. Electric Disturbances

Customer shall not use the energy delivered under this Agreement in such manner as to cause electric disturbances which may be reasonably expected to (a) cause damage to or interference with Cooperative's system, or facilities or other property in proximity to Cooperative's system, or (b) prevent Cooperative from serving other purchasers satisfactorily.

Cooperative may, at any time during the term of this Agreement, notify Customer of any such electric disturbances and, before attempting to take any other action, shall afford Customer a reasonable time and opportunity, under the circumstances involved, to correct or suppress the disturbances. If Customer does not so correct or suppress the disturbances, then Cooperative may suspend or discontinue service.

Any interruption of service, which may become necessary by reason of this Section, shall not relieve Customer from its obligation to pay Cooperative the minimum monthly charge as specified in the attached rate schedule.

#### 11. Right of Access

Duly authorized representatives of the Cooperative shall be permitted to enter the Customer's premises at all reasonable times in order to carry out the provisions hereof.

#### 12. Right of Removal

Any and all equipment, apparatus, devices or facilities placed or installed, or caused to be placed or installed by either of the parties hereto on or in the premises of the other party shall be and remain the property of the party owning and installing such equipment, apparatus, devices or facilities regardless of the mode or manner of annexation or attachment to real property of the other. Upon the termination of this Agreement, or any extension thereof, the owner thereof shall have the right to enter upon the premises of the other and shall within a reasonable time remove all or any portion of such equipment,

JACKSON ENERGY COOPERATIVE CORPORATION  
PLAN AND PROCEDURES

EMERGENCY ENERGY CURTAILMENT PLAN

**Purpose** - To provide a plan and procedure for curtailing electric energy consumption on the Jackson Energy Cooperative Corporation Electrical System in the event of a severe energy shortage.

The intention of this program is to achieve maximum energy curtailment with minimum hindrance. Therefore, the following priority levels have been established.

1. Essential Life, Health and Safety Uses - Appendix A
2. Residential Use
3. Commercial and Industrial Use
4. Nonessential Uses - Appendix B
5. Interruptible Loads
6. Direct Load Control

**Procedures** - In the event the cooperative receives notice of a severe energy shortage from the power supplier(s), the following steps will be implemented. These steps will be carried out to the extent not prohibited by contractual commitments or by the order of the regulatory authorities having jurisdiction.

Jackson Energy Cooperative Corporation will initiate the following actions as listed by priority.

1. Coordinate and monitor all Direct Load Control actions initiated by the power supplier(s)
2. Coordinate and monitor all interruptions of Interruptible Loads by the power supplier(s)
3. Initiate the cooperative's Emergency Voltage Reduction Procedure upon notification from the power supplier(s). [Appendix C]
4. Initiate media appeal for Voluntary Load Reduction Procedure upon notification from the power supplier(s). [Appendix D]
5. Initiate the Mandatory Load Reduction Plan upon notification from the power supplier(s). [Appendix E]

Essential Life, Health and Safety Uses encumber such loads that require special consideration to ensure the Health and Safety of the public. The following identifies those types of uses as outlined in the Jackson Energy Cooperative Corporation "Priority List for Outages," such that the Commission may subsequently identify.

- a. Institutions such as Hospitals, Medical Clinics and Nursing Homes that provide medical care to patients.
- b. Life Support/Monitoring Equipment that is limited to equipment required by an individual to sustain life or health.
- c. Police Stations and Detention Institutions which shall be limited to essential uses required for police activities and detention of prisoner's.
- d. Fire Stations and EMS Facilities which will be limited to facilities housing life saving equipment and machinery.
- e. Communication Services which shall be limited to essential uses required for telephone, radio, early warning signal facilities and emergency service communication facilities.
- f. Transportation and Defense-related services which shall be limited to essential uses required for the operation of air, rail and mass transit systems, including those uses essential to the national defense and operation of state and local emergency service.

The above uses are organized and specifically identified by substation, feeder, and consumer on the "Priority List for Outages" and will be updated on an annual basis. Although these types of uses cover most common, Essential Life, Health and Safety Uses, the cooperative's management will ensure that special consideration is given to any establishment whose use deems essential to the preservation of Life, Health or Safety, when implementing the manual load-curtaiment procedure. In addition, all such consumers who in our opinion, have critical equipment, but fail to qualify under the above provisions, will be strongly encouraged to install emergency generation equipment.

**Objective:**

To reduce selected voltage regulator set points so that system demand may be reduced during an electrical energy shortage without disrupting the continuity of service to consumers.

**Criteria:**

This procedure is implemented when requested by the power supplier(s) System Operator.

**Procedure:**

Upon notification from the power supplier(s) System Operator, Jackson Energy Cooperative Corporation dispatch personnel will immediately dispatch personnel to reduce regulator set points as outlined on the following sheet. All new set points will remain as set until the power supplier(s) System Operator warrants the condition final. After which, all voltage regulator settings are to be returned to initial set points.

Voltage Regulator set points shall be reviewed annually and updated as required. All set points are to be derived from system peak projections and arranged such that maximum load curtailment is achieved without violating minimum voltage requirements as prescribed by the Kentucky Public Service Commission.

**APPENDIX D**

**Voluntary Load Reduction Procedure**

**Objective:**

To reduce demand on the cooperative system during an electrical energy shortage by appealing to consumers through media to curtail all non-essential energy use.

**Criteria:**

This procedure is to be implemented when requested by the power supplier(s) Marketing and Communications Division personnel.

**Procedure:**

Local radio stations are to be informed of the electrical energy shortage and asked to make the public service announcement recommended by the power supplier(s) personnel as follows:

**"Attention all Electric Users:**

**Because of the extremely hot weather throughout the area, usage of electricity is nearing an all-time high in Kentucky. And because power is in short supply in many regions of the country, including Kentucky, the cost for electricity could be 50 times higher than normal if your electric cooperative has to buy power on the open market.**

**Jackson Energy Cooperative is requesting its members to raise air-conditioner thermostats and turn off all non-essential electrical appliances and lighting.**

**We need your help NOW until \_\_\_\_\_.**

**Thank you for your cooperation."**

**APPENDIX E**

**Mandatory Load Curtailment Procedure**

**Objective:**

To reduce demand on the cooperative system during an electrical energy shortage by, as a last alternative, interrupting firm consumer load in 5% intervals up to a total of 20% of the system load.

**Criteria:**

Only upon declaring a statewide State of Emergency Order from the Governor of Kentucky, power supplier(s) system operator can request the cooperative to enact this procedure.

**Procedure:**

Immediately upon notification from the Power Supplier's System Operator to enact Mandatory Load Reduction, the cooperative will dispatch personnel to the locations as outlined on the following sheets. Based upon the amount of load shed requested the necessary reduction or interruption of service will be achieved. The following list will enable operations personnel to reduce system load by 5% intervals. Each interval has three, two hour cycles enabling 20% curtailment in 6-hour cycles.

RETAIL MARKETING RATE

Availability

Available to the consumers of the Cooperative eligible for the Schedule 20, Commercial, Small Power & 3-Phase Farm Service. The electric power and energy furnished under this tariff shall be separately metered for each point of delivery. Other power and energy furnished or sold, will be billed under Schedule 20, Commercial, Small Power & 3-Phase Farm Service. The current use of this marketing rate is for Electric Thermal Storage units.

Rate

All kWh Per Month

\$0.03868 per kWh (I)

Schedule of Hours

This rate is only applicable for the below listed off-peak hours:

Months

October through April

12:00 noon to 5:00 p.m.

10:00 p.m. to 7:00 a.m.

May through September

10:00 p.m. to 10:00 a.m.

Terms and Conditions

This tariff is subject to the Cooperative's standard terms and conditions of service. The retail rate applies only to programs which are expressly approved by the Commonwealth of Kentucky Public Service Commission to be offered under the Marketing Rate of East Kentucky Power's Wholesale Power Rate Schedule A. Under this rate, a separate contract will be executed between the Cooperative and the Consumer. A sample copy of which is filed as part of this tariff.

Type of Service

Single-phase and three-phase where available voltage exist. In those cases where additional investment is required for three-phase service it will be rendered only after the following conditions are met: the customer will give satisfactory assurance by means of a written agreement as to the character, amount, and duration of the power load and make such guarantees or deposits as may be required under the Cooperative policies.

Terms of Payment

Payment is due within 10 days from the date of the bill.

Fuel Adjustment Clause

All rates are applicable to the Fuel Adjustment Clause and may be increased or decreased by an amount per kWh equal to the fuel adjustment amount per kWh as billed by the wholesale power supplier plus an allowance for line losses. The allowance for line losses will not exceed 10% and is based on a twelve-month average of such losses. This Fuel Clause is subject to all other applicable provisions as set out in 807 KAR 5:056.

Energy Emergency Control Program

This tariff is subject to the Energy Emergency Control Program as filed with the Kentucky Energy Regulatory Commission (now the Public Service Commission) on February 23, 1981 in Administrative Case No. 240 and as approved by the Commission Order of March 31, 1981.

JACKSON ENERGY COOPERATIVE CORPORATION  
RENEWABLE RESOURCE POWER SERVICE

STANDARD RIDER

This Renewable Resource Power Service is a rider to all currently applicable rate schedules. The purpose of this rider is to provide the consumer with a renewable source of energy that may be considered more environmentally friendly.

APPLICABLE:

In all territory served by the Cooperative.

AVAILABILITY OF SERVICE:

This schedule shall be made available to any consumer in the following listed block amounts:

100kWh Block (Minimum Size) or Greater

AND where the consumer will contract with the Cooperative to purchase these blocks under this Retail Rider.

AGREEMENT:

An "Agreement for Purchase of Renewable Resource Power" shall be executed by the consumer prior to service under this schedule.

RATE:

The monthly rate for this service will be a renewable power premium, i.e. an added charge, for all renewable power supplied to the consumer. The renewable power rate premium will be as provided below:

\$0.0275 per kWh or \$2.75 per 100kWh Block

This rate is an addition to the regular retail rate for power.

BILLING AND MINIMUM CHARGE:

Blocks of power contracted for under this tariff shall constitute the minimum amount of kWh the customer will be billed for during a normal billing period. For all power purchased in excess of the contracted Renewable Resource amount, the customer shall be billed at the normal rate for that class. For periods shorter than a normal monthly billing cycle (i.e. termination of service and final bill of a service) and actual kWh use is less than the contracted Renewable kWh amount, the customer shall pay for the full monthly block of kWh ordinarily contracted.
